American Journal of Public Health
and THE NATION'S HEALTH

Index to Volume 40, 1950

How to Use the INDEX

This is an Index to all the reading matter in the JOURNAL. It is essentially a title and author Index, although occasional subject headings are provided.

Articles, committee reports, and editorials are listed alphabetically according to the key words in the title, with many cross-references.

Editorials are indexed under "Editorials" as well as alphabetically under the key words in the title.

News notes and fillers are indexed under "News from the Field." This section should be searched as supplemental to the title index.

Matters pertaining to the Association are indexed under "American Public Health Association," and "Year Book."

Book reviews are indexed under "Books and Reports."

Obituaries are indexed under "Death Notices."
